

Title of Lab Missed	Concept Taught	URL of makeup activity or article
Test Tube Detective Lab	Chemical/Physical Properties	<a href="#">Chemical and physical Properties song</a>
Mix It Up	Heterogenous Vs. Homogenous	<a href="#">Element, Compound, Mixtures</a>
Types of Matter Lab	Models of elements, compounds, and mixtures	<a href="#">Types of substances powerpoint</a>
Changes in a Burning Candle Lab	Chemical vs. physical changes	<a href="#">Chem 4 kids website - chem. And physical changes</a>
Where's the Energy? Lab	changes in energy during reactions.	<a href="#">exothermic and endothermic video</a>
Sublimation Lab	Changes of State of Matter	<a href="#">Chem 4 Kids Website - Changes of State</a>
It's a Gas Lab	Boyle's Law	<a href="#">Boyles Law</a>
Properties of Elements Lab	Identifying props. of metals	<a href="#">chem 4 kids website - metals</a>
Marshmallow Molecules	covalent bonding	<a href="#">bonding website</a>
Bond with a classmate	Ionic bonding	<a href="#">Ionic bonding video</a>
Where's the Evidence Lab	Evidence of a Chem. Rxn.	<a href="#">signs of a reaction lab</a> - click on "next sign" until you have gone through all 5 signs of a rxn.
M&Ms Equations Lab	Balancing Equations	<a href="#">How to balance Equations</a>
Types of Reactions Lab	Replacement Reactions	<a href="#">4 Types of Reactions site</a>
Chemistry in a Bag Lab	Exothermic and Endothermic Rxn.s	<a href="#">exothermic reactions site</a>
Alka Seltzer lab	Rate of Rxns.	<a href="#">reaction rate info. site</a>
pH lab	Acids/Bases and pH	<a href="#">Chem 4 kids site</a>
Antacids and pH lab	neutralizing acids	<a href="#">pH virtual lab site</a>
Solubility Lab	solubility and heat	<a href="#">solubility site</a>
Molecule Building Lab	Carbon Bonding	<a href="#">Carbon bonding site</a>
Polymers Lab	Formation of Polymers	<a href="#">Polymers - they're Everywhere!</a>
